Love Anime Gold Star A heavy tank failure at the start of the game has prevent players from progressing further into the story mode. Official statement from Obsidian: "Over the course of yesterday's live streams, we discovered a file corruption related to the main story campaign of the game. We don't have an estimate on how long it will take to fix this; this is going to be a multi-hour process. We apologize to those affected by this issue. For anyone concerned, you'll be able to start a new game and advance to a savepoint. You can also access the current campaign by selecting File > Load Saved Game and following the on-screen instructions. If you have any questions, please consult our help center. We also posted a full FAQ in this

thread." Affected users can select the New Game button from the Main Menu and either start a new game or load a saved game. How to get to the New Game option 1) Main Menu 2) Choose Options 3) Enter Main Menu 4) The New Game button can be found after selecting Local Save from the Load Game tab
